THE UNIVERSITY OF NEBRASKA
LINCOLN

DEPARTMENT OF
ENTOMOLOGY AND ORNITHOLOGY

LAWRENCE BRUNER, PROFESSOR
ENTOMOLOGIST, EXPERIMENT STATION
ACTING STATE ENTOMOLOGIST

AUG. 30, 1901.

This is to certify that on the 29th day of Aug. 1901, I examined personally the stock and premises of the Gage County Nurseries, J. A. Gage, Proprietor, at Beatrice, Nebraska, and found no San Jose scale nor indication that it had ever been present in the nurseries or in their vicinity, and the stock is apparently in a healthy condition and free from all other dangerous insect pests. This certificate is good for one year from date.

Lawrence Bruner.

State Entomologist.

ANNOUNCEMENT.

FOR the past twenty-three years we have been growing apple and forest tree seedlings in connection with our other nursery business and have made the growing of APPLE SEEDLINGS OUR LEADING SPECIALTY, and in all this time we never have had a more promising lot of seedlings at this season. We are thoroughly posted on the condition of the apple seedlings of the west this year and believe we have the finest lot in the country. This is owing to the seasonable local showers in July and August, our excellent land and the extra good cultivation given them. We can supply a good lot of $\frac{1}{4}$ -in. in both straight and branched root grades, also $\frac{1}{4}$ -in. Keiffer pear seedlings. We guarantee all stock to be free from aphid as well as other insect or disease. No San Jose scale has ever been discovered in this state. Our two-year cherry are all on Mahaleb stocks and are extra well rooted. We guarantee our grades to be all right. We pack in moss in paper lined boxes and goods will arrive in prime condition.

All Prices Given are Subject to Change Without Notice.

Apple Seedlings.

No. 1, 1-4 inch and up.....	\$5 00	per 1000
“ 1, 3-16 and all up.....	4 00	“

We also have a good lot of Forest trees 6 to 10 feet high, Peach trees, Grape vines, etc. We expect to make up a large lot of apple and Keiffer pear grafts the coming winter in any style of graft wanted and in the best workmanlike manner. Can also quote Mahaleb stock. Write us for prices on any of the above stock wanted.

Address,

J. A. GAGE,

BEATRICE, NEB.

Plowing Out Seedlings.

We use eight heavy draft horses hitched abreast running digger about sixteen inches deep and **GET** the roots.
